

Curriculum Newsletter MAY 2021

Hello everyone!

This year we have been busy developing our whole school curriculum and we would like to keep you updated with the improvements and changes we are making. I will be publishing a termly curriculum newsletter to keep you updated with things that are happening in school and events which take place. If you have any ideas of ways you can help us with the delivery of our curriculum, please do get in touch, we would love to hear from you!

I recently asked you on Dojo for any information, books or artefacts you may have related to Ryhill, our school or the surrounding area. Thank you so much for your messages! The things you have shared will be a great resource for our local area studies. If you have anything else you can share, please get in touch. We'd love to hear from any historians out there who could come into school (once it is safe to do so!) and talk to our children about the history of where we live.

Mrs Goddard

Coming soon!

Every class will experience a 'virtual trips' morning on Friday 28th May. We can't go out safely just yet so we thought we'd bring the trips to us! More information to follow.....

Ryhill Junior, Infant and Nursery School has a broad and balanced curriculum which places learners at the heart and is driven by the school's vision statement:

“Together we can achieve”

Our curriculum is ACE! It is driven by the following:

Achieve

This helps our pupils to build aspirations and know available possibilities for their future lives.

Community

We have an important place within our community and believe it is important that our pupils see themselves within a local context.

Enterprise

We feel that developing children's enterprise skills will help them make a positive contribution to society.

LISTENING

SPEAKING

PROBLEM SOLVING

CREATIVITY

STAYING POSITIVE

AIMING HIGH

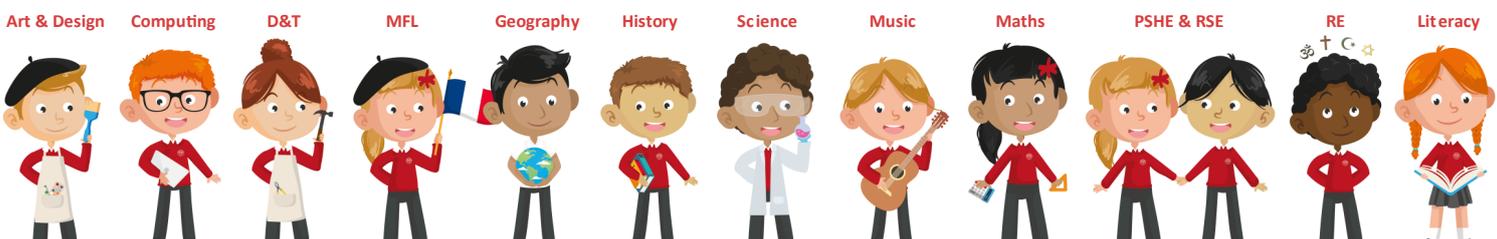

LEADERSHIP

TEAMWORK

“Our essential skills are taught and applied throughout our ACE curriculum”

We would like to share with you our vision and aims for the children in our schools. You will recognise the essential skills on our poster which have been a feature of our curriculum for the last year. Our ACE curriculum drivers will feature throughout our curriculum in different subjects and units.

Meet the characters that our children will see in each lesson to help them remember which subject they are learning about.
